BELVEDERE LANGHE

A uniquely panoramic location distinguishes this property set in the municipality of Belvedere Langhe. The stunning views of vineyard-covered hills and snow-clad Alpine peaks may convince potential clients to take a second look at this modern-day single family home and disregard the subsequently accumulated changes and additions to its original plain design, imagining the way it could look if skillfully restructured and remodelled. The house spreads over two floors, each measuring approximately 60 sq meters, and is equipped with a basement. It is set at the edge of a small hamlet on a parcel of approximately 1200 sq meters of virtually level land that offers ample space for a vegetable garden, a courtyard which could become a pleasant garden and even a pool (currently out of use). The ground floor features an entrance hall, a kitchen, a living room, a balcony and, at the back of the house, a portico and a garage. The first floor contains two bedrooms, a bathroom and a terrace with marvellous landscape vistas. An interesting property which is waiting for an amateur to uncover its potential!
